

Principal's Desk

I am so proud of our students who participated in the National History Day competition since three students made it to the state level. Congratulations to the following students who made it to the state level in National History Day competition.

We have many opportunities for you to get involved with your child's education this month. Please read through our newsletter to see how you can be involved in your student's education in the month of May. This is an opportunity for you to be involved with your student in learning about your student's curriculum requirements for next year.

If your contact information changes, such as address or phone numbers, please take the time to contact the school to update your information.

I am very proud of our students for putting their best effort on the FSA Reading and Math and FCAT Science. Many teachers complimented their students about their positive behavior and for trying their best during FSA. I am confident they will show the same efforts and good behavior during their End of Course Exams (EOC) for Civics and Algebra Honors.

As this school year is closing out, Please take the time to check your student's grade via e-sampler. If a conference is necessary, please contact your child's teachers to schedule a date. Please remember, all middle school students are under the State mandated promotion rules, which are as follows:

According to the State of Florida rules, middle school students must successfully complete Language Arts, Mathematics, Science, and Social Studies each year (6th - 8th) to be promoted to high school. Successful completion of these courses require the earning of a grade of "D" or higher. Your child will also be required to complete a career component before leaving eighth grade and being promoted to high school.

In addition, all 7th grade students must pass Civics as part as part of the middle school promotion requirements to high school.

Thank you for being partners in your child's education.
Go Eagles!

Pasco County Schools Civility Policy

The District School Board of Pasco County has a Respect and Civility Policy which believes that a safe, secure, nurturing and civil environment is essential in accomplishing its mission to create a community which works together so all Pasco County students will reach their highest potential. Thank you parents and guardians for displaying mutual respect, civility and orderly conduct with PRSMS administration, staff, and teachers when you are calling for assistance. This policy is not intended to deprive any person of his/her right to freedom of expression; but rather, it is intended to maintain, reasonable, safe, harassment-free workplace for students, families, and staff that is free of disruptive, demeaning, intimidating, threatening, or aggressive behaviors.

May is National Mental Health Awareness Month!

Did you know that nearly one in five adolescents has or will have a diagnosable mental health condition? It's important to seek treatment for mental health conditions and most insurance companies provide coverage for mental health treatment. If you need assistance locating a provider or obtaining insurance, please contact a member of our Student Services team!

Warning Signs to Look For:

- Feeling very sad or withdrawn for more than 2 weeks
- Trying to do harm to oneself or make plans to do so

Anti Bullying Plan

Please remember, our school has an Anti-Bullying Plan. The definition of bullying has three components: purposeful, imbalance of power, and repeated over time. If your student is a victim of bullying, please contact your child's guidance counselor, teacher, or administrator to report the incident since we are your first line of defense. We will investigate and take appropriate actions.

Family Meals – Eating together gives parents and children a chance to chat about the day’s events. It also strengthens family relationships. Whether you have time to cook or are picking up carryout on the way home from work, try to sit around the table and enjoy each other’s company while you eat.

Celebrate accomplishments – Your middle school student needs to see herself as capable of meeting expectations. Watch for opportunities to point out times that she reached high. For instance, you might say, “You got frustrated learning the songs for your strings concert, but you kept practicing. Look how much you’ve improved.
