# Eagles Learn to SOAR Summer Camp

- Feeling nervous about middle school?
- Want to explore middle school with only sixth graders and teachers on campus?
- Come journey through the Nest and get a sneak peek at middle school life this summer!
- Camp is open to all incoming and registered PRSMS sixth graders for the 2018-2019 school year.

## Ready for a “SOARing” adventure?

*The same concerns arise at the beginning of every school year and sometimes carry through the first semester. These include the challenges of organization, confidence, social interaction, study skills, and navigation of the campus in general.*

*The objectives of Eagles Learning to SOAR Summer Camp are to give students the chance to work on character development activities, improve study habits and life skills, make new friends, and explore the new school environment.*

*Students will have an opportunity to spend one full day experiencing a “SOARing” adventure with teachers and other students in order to prepare for middle school life.*

*Students will be divided into smaller groups to experience traveling from room to room in a classroom based setting.*

*Activities will be engaging while building confidence and study skills.*

*Activities will include, but are not limited to: a PRSMS scavenger hunt, creating a homework study routine, how to really study for a test / quiz, and an introduction to myPasco Connect and much, much more!*

*The outcome: you and your child will feel better prepared for the challenges and changes that middle school brings.*

*Parents / Guardians: There will be an information session for you from 2:00-3:00 which will include completing the Orientation Day packet, pick-up your child's schedule and pay for fees so you don't have to come on Orientation Day!!!*

*Come join us and get SOARing!*
