Dear Grade 7 Parents and Students:

This summer Cambridge English assignments contain paired passages to help students build background knowledge and extend learning, discussion questions to build student engagement and standards-aligned reading and writing questions that allow me to measure student growth and obtain an insight of where we need to begin in the fall. This informational guide and website information in the subsequent pages will help you and your student stay prepared and geared up for Cambridge English grade 6. Please peruse the documents following this letter to guide you in accessing our 2020 Summer Cambridge English work.

Did you know that all students experience learning losses when they do not engage in educational activities during the summer? Did you know that on average, students lose approximately 2.6 months of grade-level equivalency in mathematical computation skills during the summer months? Did you know that if your child does not read at least four books over the summer, they could lose approximately a whole grade-level in reading?

For an extra reading component, I recommend that the students also enjoy the Pasco County Public Library's Summer Reading offerings. It is a good way to motivate kids to read over the summer break. Try to read for at least 30 minutes each day. Here is the link to get a free library card Free Pasco County Library Card.

.Let's keep our skills sharp. Have a great summer!

Sincerely,

Ms. Mallon
