

Success Plan at a Glance

Paul R. Smith Middle School

1410 Sweetbriar Drive, Holiday, Florida 34691

Principal – Mr. Joel Di Vincent

School Mission Statement:

Our mission at Paul R. Smith Middle School is to develop self-motivated life long learners who reach their highest potential.

GOAL 1

High Impact Instruction

Following the conclusion of the Winter and Spring MAP assessment administration, we expect 70% of students to meet or exceed the 50th percentile growth.

- All staff will utilize professional learning community collaborative structures to ensure rigorous lesson planning aligned to the Florida standards.
- All students will be provided second chance learning opportunities
- All students will have increased opportunities to engage in literacy and writing activities across the entire curriculum
- All students will receive a math block comprised of: math fluency activities, concept development lessons with application, and a student debrief session
- All students will receive an intervention opportunity which provides additional instructional support
- All students will receive AVID WICOR strategies with fidelity across the entire curriculum

Excellence in Student Achievement

GOAL 2

Collaborative Culture

By the conclusion of the 2021-22 school year, all teachers will provide evidence of positive behavior supports and social emotional learning within their classrooms.

- Continued implementation of positive behavior incentives and support (PBIS) system
- Implementation of schoolwide AVID college awareness activities
- Implementation of Middle School teaming practices
- All students will have multiple opportunities for enrichment activities including field trips, clubs, organizations, and honor societies

Excellence in Student Achievement & Employee Success

GOAL 3

Data Driven Decisions

By the conclusion of the 2021-22 school year, on-track academics will improve by 10% from the previous school year.

- School Intervention Team (SIT) will identify, support, and monitor students on-track, at-risk, and off-track
- School leadership Team (SLT) will analyze school data and make appropriate leadership decisions
- PLCs will use grade level data and common formative assessments to plan for and adjust instruction
- Academic teams will meet weekly to review student performance data and plan for interventions
- Monthly data reviews through priority school structures

Excellence in Student Achievement
