

PAUL R. SMITH  
MIDDLE SCHOOL

## School-Based Health Center | Telemedicine

Premier Community HealthCare offers Telemedicine service at Paul R. Smith Middle School which allows Pasco County students to be seen by a Pediatric Provider. These services allow students to receive medical attention with minimal disruptions to their class or home schedules. Care is convenient, accessible, and affordable.

### HOW IT WORKS:

1. Parents will be advised of the child's symptoms and upon parental consent, the school nurse will facilitate an appointment with the child and healthcare provider using a robot equipped with a camera, microphone, and stethoscope.
2. Parents can join the virtual appointment via smartphone or computer.
3. Provider will determine treatment, prescriptions and if an in-clinic visit is needed. *Premier has multiple locations throughout Pasco and Hernando Counties.*
